

WEBSITE & CLIENT PORTAL

Project Requirements Questionnaire

This questionnaire collects everything we need to build your website and the client portal connected to it: your brand, pages, services, pricing, payments, content and the portal features you have in mind. Your answers become the project scope, so the more detail the better.

Business name	MadMarketing
Contact person	Haseeb Siddiqui
Email	haseebidd60@gmail.com
Phone / WhatsApp	03323389458
Date completed	

How to fill this in

- Type your answers in the “Your answer” column. Short answers are fine; bullet points work well.
- If you’re not sure, write “Not sure” or “Recommend”, and we’ll suggest an option.
- Sections marked “needed first” are what we need before we can start building.
- Send files (logo, photos, documents) by email or a shared folder, and tick them off in section 16.
- The preview site you have seen uses placeholder branding, text, prices and reviews for demonstration only. All of it will be replaced with your own before launch.

2. Contact information

#	Question	Your answer
3.1	Public email address(es) to show on the website	hello@madmediamarketing.com
3.2	Phone and WhatsApp number(s)	+1 (636) 369-2742

8.3	FAQs <i>The questions customers ask you most often, with answers. 8–15 is a good number.</i>	Same as feedbird
8.4	Testimonials <i>For each: name, company, role, photo or video, star rating, the quote, and the customer's permission to publish. Also links to your Google, Trustpilot or Clutch reviews.</i>	
8.5	Case studies / projects <i>For each: client (or "anonymous"), industry, the challenge, what you did, results with numbers, images or before/after, and permission to publish.</i>	
8.6	Portfolio / work samples <i>Images or videos of your work, grouped by category.</i>	
8.7	Numbers and claims on the site <i>e.g. clients served, years in business, ratings. Please give your real figures; they must be accurate.</i>	
8.8	Client logos you have permission to display	
8.9	Blog <i>Existing articles to bring over? Who will write new ones, and how often?</i>	

9. Client portal: overview

The portal is a private area connected to the website where your clients log in to follow their projects. These questions help us understand how you work today.

#	Question	Your answer
9.1	In your own words, what should the portal do for your clients? And for your team?	They can see their reports, their card details or payment details. Also they can see the dashboard to check the report's insights, they can see the contract, terms and details.
9.2	Which tools do you use today to manage clients and projects? <i>e.g. Trello, Asana, ClickUp, Notion, Google Sheets, WhatsApp groups. Should the portal replace them or connect to them?</i>	Clickup
9.3	How many clients and team members would use it at launch? In a year?	15

#	Question	Your answer
9.4	Who logs in, and what can each of them see and do? <i>Clients, your team, freelancers, admins.</i>	Admin, team access and client
9.5	Can one client company have several users? <i>e.g. the owner and their marketing manager.</i>	yes
9.6	How should people log in? <i>Email and password, Google sign-in, email link; two-factor authentication?</i>	Yes all
9.7	Should the portal be branded at its own address? <i>e.g. portal.yourbrand.com</i>	Promote Madmarketing term more so yes you can use that
9.8	Web only (works well on phones), or also an iOS / Android app?	Web only
9.9	Is there a portal or tool you'd like it to resemble? <i>Links or screenshots welcome.</i>	Don't have any in mind yet, but you can use the celsius portal as reference
